**Katie** is the newest addition to Park Blvd Dentistry! She is a graduate of Eastern Illinois University where she majored in Speech and Health Communication. When Katie is not in the office she is home with her two children (Luke & Elizabeth) who keep her very busy with their many activities!! She also enjoys reading in her spare time; historical fiction and nutrition are a few of her favorite topics. Reading is such a passion for Katie that she volunteers her time at her son's school to help with its reading fluency program. In addition to reading, Katie also enjoys spending time outdoors running, bikes, or hiking...breathing the fresh air renews her spirit!! She is so very excited to join this amazing dental team!!
